MESSAGE

I am delighted to know that Indira Gandhi Delhi Technical University is organizing its 5th Convocation on 3rd November and I extend my heartiest congratulations to all the students receiving their degrees and appreciation medals. The complete IGDTUW family deserves special congratulations for their continuous efforts to make this day possible.

I foresee the young women graduates becoming anchors in moderating and benchmarking research and development ideas. I am optimistic that the graduating students will undoubtedly make the best use of this hard-earned privilege and not only live up to the responsibilities that go with it, but also lead a happy, involved and joyous life. I am sure that as a result of holistic learning approach and emphasis on experiential learning by the University, the students will achieve their goals successfully and will work religiously towards making our society and country a better place.

I wish all the students success and an exciting journey ahead in future. I congratulate all the students and IGDTUW family once again with a hope that this luminous tradition of excellence shall continue forever.

(ARVIND KEJRIWAL)
