MESSAGE

I am pleased to know that Indira Gandhi Delhi Technical University for Women is organizing its Fourth Convocation on 23rd December, 2021. Convocation day marks an important day in student's life in realizing the dream come true and is a milestone achievement in the journey of life. It is a moment of pride for each one of you, your parents and above all your, own teachers.

This year, considering the covid19 pandemic the Institute and the students would have gone through the real tough times for teaching as well as learning. It is a proud moment for the university to see the smiling faces of all graduating students who have overcome unprecedented circumstances of Covid-19 to carve out the path of success.

I congratulate all the graduating students from Indira Gandhi Delhi Technical University for Women, May this day in your life be a special one, something beautiful and most significant.

I wish you all the best for the wonderful world awaiting you outside this campus.

(Dr. TESSY THOMAS)
DS & DG (AERO)
