**MESSAGE**

I am delighted to know that Indira Gandhi Delhi Technical University for Women is organizing its 4<sup>th</sup> Convocation on 23<sup>rd</sup> December, 2021. On this occasion, I wish to extend my heartiest congratulations to the Vice Chancellor, esteemed members of the faculty and the staff on the way the University has grown, which is now one of the leading technical Universities for Women in the Country.

On this occasion I also offer my congratulations to the graduating students and their proud parents. The graduates are indeed a privileged group and should take pride in belonging to this University.

The pace of innovation and technical change is accelerating everyday in IGDTUW. It is a proud moment for all as the University has showcased unprecedented growth even during Covid-19 pandemic and is striving hard for becoming Institute of Importance in technology and innovation. I foresee the young woman graduates becoming anchors in moderating and benchmarking research and development activities. I am sure that all of you will add great value wherever you go.

As you move forward into your careers and life-long journeys, remember that your path continues, know that you can accomplish anything, and do great things with the knowledge you have acquired.

I wish everyone a great success and an exciting journey ahead in future. I again congratulate you and IGDTUW family with the hope that this luminous tradition of excellence shall continue forever.

Happy Graduation!!

(ARVIND KEJRIWAL)
